AHE encourages students to apply for recognition of prior learning from formal studies and/or work experience toward their studies at AHE. If successful, RPL may result in a reduced number of units the student may need to study to gain the qualification, a shorter course duration, and/or reduced tuition fees payable.

CRPL (Conditional RPL) may be granted in cases where the student needs to provide additional documentation to confirm the RPL (this is normally an official transcript or course completion certificate).

- Students must provide the appropriate documentation to meet the specific conditions within fourteen (14) days after receiving the conditional credit.
- Students are expected to normally provide the appropriate documentation prior to the census date of their first semester, and no later than the end of the student’s first semester.
- If appropriate documentation is not received prior to the end of the student’s first semester the CRPL may be rescinded and deleted from their record.

To access the **Credit for Recognition of Prior Learning Policy and Procedure** please refer to the [Apex website](#).

How to Apply:

Students should lodge this completed **Application for Credit Form** with their **Application for Admission**. Please send admissions.he@apexaustralia.edu.au this completed Form with all relevant evidence attached. Students can contact the Admissions Officer if further information is required. As per AHE credit for RPL policy, students must make their application for credit prior to starting their course at AHE. Normally, no further credit can be applied for after the student starts their course. Students who wish to apply for Credit with Subject Substitution need to make this clear when they apply for a credit assessment.

Students will be advised in writing of the result of their application within ten (10) working days.

For international students, where credit is granted **before the issue of a visa**, the actual course duration in the eCoE issued to the student will be reduced to reflect the shorter course duration needed to ensure the student is studying full-time in their course. The student will be notified in writing including the following:

- The reduced number of units the student may need to study to gain the qualification.
- The impact on the course duration.
- The impact on the eCoE, and
- The reduced tuition fees payable.

Where credit is granted **after the issue of a visa**, AHE will report the change of course duration via PRISMS and issue a new eCoE. The student will be notified in writing including the following:

- The reduced number of units the student may need to study to gain the qualification.
- The impact on the course duration.
- The impact on the eCoE, and
- The reduced tuition fees payable.
